

English Language Courses

We offer a variety of ways to learn English: Live-On-Line lessons and stand alone (self taught) Audio Courses, Video Courses and complete On Line interactive courses. All of these meet both the [Academic](#) and Social Life Skills all students need. The English courses begin with social or life skills English and quickly expedite our student's academic English curricula.

Intensive 5 Level English Language Program

The classes also allow you to ask questions, and the regularly scheduled sessions keep you on track to reach your goals

Our English Language classes are all conducted live on line. There are 5 progressive proficiency levels and each course level contain 63 classroom hours.

You can choose from our two main study options:

- 1) the Intensive 16 week course (4 months) which meets four days weekly *or*
- 2) the regular 32 week (8 months) which meets two days each week.

Tutoring is also available to give you extra support and individual attention. Students in these classes receive free tutoring (on line or in person)

If you miss a session, you'll always be able to watch and listen to a replay of it at your convenience.

Students receive DVD recordings of the actual lessons by mail If you miss the class for any reason or if you start late— you can catch up using the DVD.

Levels 1 & 2 are our most popular courses. They are designed for the students who want to learn basic social English communication: to go shopping, attend schools, communicate at work

These classes build confidence in using social and life skills while developing written and verbal communication skills. All classes include grammar and verb usage skills.

Our level 3 and 4 courses are designed for the strong student who wants to go on to college, enroll in technical or professional schools, or go into business for themselves. This class focuses on more difficult content and academic work and you will study with upper level peers. To enroll you must have completed levels 2 or scored above level 2 on our evaluation exam.

DVD Recordings of Class Sessions

No more worry over missed classes. All Live on Line students can receive DVD recordings of all classes so they can review missed classes on their computer or TV 24/7 any time you want, anywhere you can and as often as you need.
